Sir,

With reference to No 948C I F 999o dated I5th Februar I899 I have the ho or to request that the Government will be pleased to sanction the entertainment of I2 students anually for the next three years, co mercing from the Official year I899-I900 to qualify for the grade of Hospital Assistants

2 The present strength of Hospital Assistants including the precollegiate here, and Collegiate students at Madras, is quite inadequate to meet the requirements of the demand, considering the probable extension of Medical relief throughout the Province with the possibility of the continuance of Plague, it is better to arrange for I2 yearly

3 I had to close, inconsultation with the Deputy Commissioners of Districts, some of the Dispensaries temporarily against the wish of the people in places where the daily attendance was not large, because the withdrawal of some of the Hospital Assistants from District and Quarter Hospitals for plague and other special duties

4 The particulars as regards the probable amount of expenditure to each student are given in the margin

5 I trust that the Government will accord early sanction to the above proposal to enable me to take on stude[illegible] before the current Official year

In reply to Government Proceedings No 14111-9 / 2 F 55-98 dated 28th March 1899 — forwarding for opinion a copy of letter — No 2487 dated 6th March 1899 from the Senior Surgeon requesting early sanction of Government to the entertainment of twelve students annually for the next three years — commencing from 1899-1900, I have the honour to state that it is presumed that opinion is wanted as to whether the cost can be borne At 1½ Student per District, this — comes to about Rs 27 a month The District Funds may bear this charge easily especially where savings are effected by the closing of hospitals

If allowable a part of the expenses may be met from General Government Funds as the pay of medical officers is paid from that source

doubt as whether the District Fund Board will be able to bear the cost of training the students The financial condition of the Board is limited, and most of our roads are neglected for want of sufficient Funds I would therefore propose that the charge of training the Hospital & Assistants may be met out of Local Funds General
